Seat structure
(Mesh + Foam padding)
Firm under layer mesh combined with padded cushion will relieve excessive pressure and support seating posture.

Recline tension/lock switch
Switch the lever to adjust recline tension strength (standard or firm). Lockable in the upright position.

Auto-adjust reclining
Weight controlled mechanics will automatically adjust the recline tension to maintain posture effortlessly.

Seat height adjustment
Operate the seat height lever to suit body height and posture. Stroke: 90mm (SH425~515mm)
